nikotene

ABOUT ODUMAN

Crafted in Istanbul. Trusted worldwide.

Oduman's story began in 1979, when its parent company, Uğur Pres Makina İnş. San. Tic. Ltd. Şti., was founded in Istanbul as a precision engineering firm. In 2014 it brought that expertise to hookahs and created the Oduman brand.

Every Oduman hookah is designed in-house and made in Istanbul: the stainless steel parts are machined in the factory, every glass is handblown and inspected piece by piece, and each hookah is quality-checked before it leaves.

Today Oduman is sold through authorised dealers and distributors in more than 70 countries across Europe, the Middle East, Asia Pacific and the Americas.
